Opening its 13th year, the Chicago Debate League (CDL) is the largest and most competitive Urban Debate League in the 26-city Urban Debate Network.

Research shows that competitive academic debate lowers the achievement gap by increasing standardized literacy scores, critical thinking skills, and communications abilities.

The CDL is a program of Chicago Public Schools (CPS) and is jointly administered with the Chicago Debate Commission (CDC). CPS and the CDC thank Querrey and Harrow and IST Management Services for their generous support for this event.

Querrey & Harrow is a 70-attorney multi-service law firm serving the Chicago metropolitan region, including Northwest Indiana.

With operations in over 30 cities, IST Management Services is a national facilities management company providing on-site mail and copy services as well as electronic document management software solutions.
